SENATOR HARTNETT: Yeah, maybe look at...look at the work camp and also those other programs, and if there is any time left, Madam Speaker, I would give my time to Senator Beutler.

SENATOR CROSBY: Senator Beutler, you have about two and a half minutes.

SENATOR BEUTLER: Senator Crosby, I think I would just ask, since we are back on kind of general questions again, and there are still a number of questions I suppose in everybody's mind, but, Senator Wehrbein, the...the cost per bed in an incarceration work camp, as compared to the medium security facility, as compared to the work detail center, and as compared to one item that was brought to my attention that I had not included, and that's the corrections segregation space, which is another \$5 million in the building of beds, so there are not three, there are four, and maybe more than that, but I am up to four now in the different items in the budget, but the cost per bed in the incarceration work camp bill, the bill we're on now, how does that compare, for example, to those other three types of facilities that I just mentioned.

SENATOR WEHRBEIN: I...Senator Engel, maybe he has the per bed cost for that. I do not have it at the tip of my fingers, Senator Beutler. I can comment on some of your others, but I don't have that per bed at my...tip of my fingers. May I ask Senator Engel, or you.

SENATOR BEUTLER: Yes. Senator Engel, would you want to respond to that.

SENATOR ENGEL: We'll have that for you in just a moment.

SENATOR BEUTLER: Okay.

SENATOR CROSBY: One minute.

SENATOR BEUTLER: Well, I'd concede the rest of Senator Hartnett's time to Senator Wehrbein.

SENATOR CROSBY: Senator Wehrbein, you have one minute.
